26 April 1973

Dear Harold:

Your mailings through 14 here okay, with an incredible amount of stuff. We can't reciprocate from the Times because of the lag in learning what HH has and hasn't sent you. Hope you don't mind the greater delay. We realize you incur it in order to save us time and effort.

We have Newsweek for Apr. 23 and Time for Apr. 30, and expect to get Newsweek for Apr. 30 too.

Perhaps you'd better give us a list of the columnists you see regularly in the WX Post. We understand they include Joe Alsop, Evans and Novak, Anderson and Joe Kraft, but perhaps there are others sometimes carried out here which we don't recognize as originating with the Post. This in case you need versions from here for comparison purposes.

Don't, on any account, try to tape the PBS telecasts of the Ervin Committee hearings for us. They probably will be carried locally by KQED-TV, and if so we'll either make arrangements to see them in one way or another or do without. To try to tape the whole shebang would be entirely too much. Thanks for thinking of it, anyway.

In the usual haste,

jdw
